Viggo Mortensen (The Lord of the Rings franchise, 28 Days) is passionate and compelling as the head of an eccentric family living off the grid in Bleecker Street's inspiring drama, 'Captain Fantastic', coming to Digital HD on October 11, 2016 and Blu-ray, DVD and On Demand on October 25, 2016, from Universal Pictures Home Entertainment. 'Captain Fantastic' centers on a family that has found its bliss in a splendid, unplugged lifestyle and follows their rocky return to society. The Blu-ray and DVD features a closer look at the thought-provoking ideals portrayed in the film and the pros and cons of living unconventionally.

Viggo Mortensen stars in The New York Times Critics' Pick, 'Captain Fantastic', about a non-traditional father who raises his six children in the forest of the Pacific Northwest, isolated from society. When he is forced to bring his family out of seclusion and into the world, it leads to a confrontation with his father-in-law (Frank Langella, Frost/Nixon), who wants his grandchildren to have a normal life. Now Ben must question if his methods are the best for his family.
